

LEAP-1A & LEAP-1B

Engine Maintenance Services

LEAP-1A & LEAP-1B

Engine Maintenance Services

With over **70 years of expertise,** IAI Aviation Group stands as a globally recognized, fully certified one-stop support center for engines, aircraft, and components. Our state-of-the-art LEAP-1A & LEAP-1B repair facility is engineered to deliver faster turnaround times, ensuring airlines and operators minimum downtime and maximum fleet availability.
Our goal is simple: reduce maintenance costs, accelerate turnaround times, and optimize engine performance - all while delivering exceptional customer service.

COMPREHENSIVE LEAP-1A & LEAP-1B ENGINE SOLUTIONS

Following extensive preparation and advanced training for our engine technicians, IAI now offers:

- Quick Turn Shop Visit (QTSV) / Continued Time Engine Maintenance (CTEM)
- Performance Restoration Shop Visit (PRSV)

WHY CHOOSE IAI

- Tailored Maintenance Programs – We collaborate with customers to develop maintenance plans that align with operational economics, ensuring the best cost-effective solution.
- Customized Workscopes – Each maintenance plan is designed in partnership with the operator, meeting **both quality and commercial requirements.**
- Cutting-Edge Diagnostics – Our high-tech laboratories provide in-depth **investigative services** to pinpoint issues and enhance engine performance.

Backed by decades of industry expertise, an **unmatched track record**, and a commitment to **continuous innovation,** IAI Aviation Group delivers the highest level of support for LEAP operators worldwide.
